Purposes of the MEI Pharma Annual Meeting

The purposes of the Annual Meeting are:

- (1) To elect three directors to the Board of Directors, each to serve until the annual meeting of stockholders in fiscal year 2024 and until their successors are elected and qualified or until their earlier resignation or removal;
- (2) To approve the Amended and Restated MEI Pharma, Inc. 2008 Omnibus Equity Compensation Plan (the “2008 Equity Plan”) to increase the number of shares of common stock that may be subject to award and make certain other changes to the plan terms included in the plan document attached as Annex A;
- (3) To approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in this proxy statement;
- (4) To ratify the appointment of BDO USA, LLP as MEI Pharma’s independent registered public accounting firm for the fiscal year ending June 30, 2021; and
- (5) To conduct such other business as may properly come before the Annual Meeting or any adjournment, postponement or continuation thereof.

Record Date; Shares of Common Stock Outstanding and Entitled to Vote

We have fixed the close of business on October 20, 2020 as the record date for determination of the holders of our common stock entitled to notice of and to attend and vote at the Annual Meeting or any adjournment or postponement thereof. There were approximately 649 holders of record of our common stock at the close of business on the record date. At the close of business on the record date, 112,521,964 shares of our common stock were issued and outstanding. Each share of common stock entitles the holder thereof to one vote at the Annual Meeting on all matters properly presented at the Annual Meeting. See the section titled, “Security Ownership of Certain Beneficial Owners and Management of MEI Pharma” in this proxy statement for information regarding persons known to our management to be the beneficial owners of more than 5% of the outstanding shares of our common stock.

Voting and Revocation of Proxies

The proxy accompanying this proxy statement is solicited on behalf of the Board of Directors of MEI Pharma for use at the Annual Meeting.

If you are a stockholder of record of MEI Pharma as of the record date referred to above, you may vote via the Internet during the Annual Meeting or, prior to the Annual Meeting, via the Internet by following the instructions provided in the Notice, via telephone by calling the toll-free number found on the proxy card, or vote by proxy using the enclosed proxy card. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted.

Prior to the meeting:

- To vote on the Internet, go to the website indicated on the Notice to complete an electronic proxy card. You will be asked to provide MEI Pharma’s number and a control number from the enclosed proxy card.
- To vote over the telephone, dial the toll-free number on your proxy card or voting instruction form using a touch-tone phone and follow the recorded instructions. You will be asked to provide MEI Pharma’s number and control number from the enclosed proxy card. Your vote must be received by 1:00 a.m. (Pacific Time) on December 16, 2020 to be counted.
- To vote using the proxy card, simply mark, sign and date your proxy card and return it promptly in the postage-paid envelope provided. If we receive your signed proxy card before the Annual Meeting, we will vote your shares as you direct.

If your shares are held by your broker as your nominee (that is, in “street name”), you will need to obtain a proxy card from the institution that holds your shares and follow the instructions included on that proxy card regarding how to instruct your broker to vote your MEI Pharma shares. If you do not give instructions to your broker, your broker can vote your MEI Pharma shares with respect to “discretionary” items but not with respect to “non-discretionary” items. The proposals relating to the election of directors (Proposal No. 1), the approval of the Amended and Restated 2008 Equity Plan (Proposal No. 2) and the approval, on an advisory basis, of the compensation of the Company’s named executive officers (Proposal No. 3) are non-discretionary items. On non-discretionary items, for which you do not give your broker instructions, your broker will not vote your shares and, accordingly, the shares will be treated as broker non-votes.

All properly executed proxies that are not revoked will be voted at the Annual Meeting and at any adjournments or postponements of the Annual Meeting in accordance with the instructions contained in the proxy. If a holder of our common stock executes and returns a proxy and does not specify otherwise, the shares represented by that proxy will be voted “FOR” Proposal No. 1 electing the three nominees to our Board of Directors; “FOR” Proposal No. 2 to approve the adoption of the 2008 Equity Plan to increase the number of shares of common stock that may be subject to awards and make certain other changes to the plan terms included in the plan document attached as Annex A; “FOR” Proposal No. 3 to approve, on an advisory basis, the compensation paid to MEI Pharma’s named executive officers; and “FOR” Proposal No. 4 ratifying the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2021.

Our stockholders of record may change their votes at any time before their proxy is voted at the Annual Meeting in one of three ways. First, a stockholder of record can send a written notice to the Secretary of MEI Pharma stating that the stockholder would like to revoke its proxy. Second, a

[Table of Contents](#)

stockholder of record can submit new proxy instructions either on a new proxy card, by telephone or via the Internet. Third, a stockholder of record can attend the Annual Meeting and vote via the Internet. Attendance alone will not revoke a proxy. If a stockholder of record has instructed a broker to vote its shares of common stock, the stockholder must follow directions received from its broker to change those instructions.

Quorum and Vote of MEI Pharma Stockholders Required

A quorum of stockholders is necessary to hold a valid meeting. The presence, in person or by proxy, of the holders of one-third of the shares of the common stock issued and outstanding and entitled to vote at the Annual Meeting will constitute a quorum. If a quorum is not present at the Annual Meeting, we expect that the meeting would be adjourned or postponed to solicit additional proxies. Abstentions and broker non-votes will be counted towards a quorum.

For Proposal No. 1, the affirmative vote of a plurality of the votes cast is required to elect a director when a quorum is present. "Votes cast" excludes abstentions and any broker non-votes. Accordingly, abstentions and broker non-votes (shares held by brokers that do not have discretionary authority to vote on the matter and have not received voting instructions from their clients) will have no effect on the election of directors.

For Proposals No. 2, 3 and 4, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the proposal will be required for approval. An abstention with respect to these proposals will be deemed present, but will not be voted. Accordingly, an abstention will have the effect of a vote "against" the proposal. Broker non-votes on a proposal will have no effect on determining whether stockholders have approved the proposal.

At the record date for the Annual Meeting, the directors and executive officers of MEI Pharma owned less than 1% of the outstanding shares of MEI Pharma common stock entitled to vote at the Annual Meeting.

Solicitation of Proxies

In addition to solicitation by mail, our directors, officers, employees and agents may solicit proxies from our stockholders by personal interview, telephone, telegram or otherwise. Arrangements will also be made with brokerage firms and other custodians, nominees and fiduciaries who are record holders of our common stock for the forwarding of solicitation materials to the beneficial owners of our common stock. We will pay the cost of soliciting proxies, including reimbursing applicable brokers, custodians, nominees and fiduciaries for the reasonable out-of-pocket expenses they incur in connection with the forwarding of solicitation materials.

Audit Committee

The Audit Committee of the Board of Directors has been established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Audit Committee’s responsibilities include:

- overseeing financial and accounting activities;
- selecting and recommending the annual appointment of independent auditors;
- reviewing and approving the scope of audit and non-audit assignments and related fees;
- assessing annually the Company’s major financial risks and exposures;
- evaluating the independence and performance of the independent auditors;
- reviewing the accounting principles used in financial reporting;
- reviewing and assessing our financial reporting activities and disclosures included in our periodic reports and the accounting standards and principles followed;
- reviewing the adequacy and effectiveness of our internal control over financial reporting; and
- reviewing and approving related party transactions.

Mr. Driscoll has served as Chairman of the Audit Committee since August 29, 2019. The other members of the Audit Committee are Mr. Baltic, Ms. Cohen (beginning on June 17, 2020) and Dr. Glover. Mr. William Rueckert, a former member of the Board of Directors, served on the Audit Committee until his retirement from the Board of Directors in December 2019. Mr. Driscoll has been determined by the Board of Directors to be an “audit committee financial expert” as defined by the SEC.

The Board of Directors has determined that each of the Audit Committee members is independent, as defined by applicable NASDAQ and SEC

rules. The Company has adopted an Audit Committee Charter, which is posted on its website at www.meipharma.com. The Audit Committee met four times during the fiscal year ended June 30, 2020.

Compensation Committee

The Compensation Committee acts on behalf of the Board to fulfill the Board's responsibilities to:

- oversee, review, modify and approve our compensation strategy and policies;
- assess the independence of compensation consultants and legal advisors prior to engagement;
- exercise sole power to retain compensation consultants and advisors and to determine the scope of the associated engagements;
- review and approve annual corporate performance goals;
- evaluate the chief executive officer's and executive officers' performance;
- review and determine the compensation to be paid to our executive officers, including the allocation of equity related grants;
- recommend the compensation and terms of appointment of non-executive directors to the Board of Directors for review and approval;
- ensure the Company meets the reporting requirements promulgated by the SEC regarding compensation and disclosure of compensation and compensation related practices;
- assess potential compensation related risks; and
- evaluate and ensure compliance with "Say-on-Pay" requirements.

The Compensation Committee also consults with and considers the recommendations of the chief executive officer with respect to the appropriate level and mix of the various compensation components, focused primarily on the particular goals of applicable executives and employees in a particular year. The Board of Directors has adopted a written charter for the Compensation Committee, which is available on our website at www.meipharma.com. Dr. Clemens has served as the Chairman of the Compensation Committee since August 1, 2016. The other members of the Compensation Committee are Dr. Glover, Ms. Howson (beginning on December 5, 2019) and Dr. Reynolds. Mr. William Rueckert, a former member of the Board of Directors, served on the Compensation Committee until his retirement from the Board of Directors in December 2019. The Board of Directors has determined that each member of the Compensation Committee is independent as defined by applicable NASDAQ rules. The Compensation Committee met three times during the fiscal year ended June 30, 2020.

Nominating and Governance Committee

The Nominating and Governance Committee is responsible for assisting the Board of Directors in:

- identifying qualified individuals who possess the desired experience and skills to serve on the Board;
- proposing chairpersons and members on committees to the Board;
- considering all qualified director candidates identified by the Nominating and Governance Committee, or by stockholders, in the event any member of the Board of Directors does not wish to continue in service or if the Board of Directors decides not to re-nominate a member for re-election;
- overseeing the Board evaluation process and evaluating the size and composition of the Board; and
- evaluating any stockholder proposal and whether to recommend to the Board of Directors and whether the Company shall support or oppose the proposal.

Mr. Baltic has served as Chairman of the Nominating and Governance Committee since September 2012. The other members of the Nominating Committee are Ms. Howson (beginning on June 17, 2020), Dr. Reynolds and Dr. White. MEI Pharma's Nominating and Governance Committee Charter is posted on its website at www.meipharma.com. The Board of Directors has determined that each of the Nominating and Corporate Governance Committee members is independent, as defined by applicable NASDAQ and SEC rules. The Nominating and Governance Committee met five times during the fiscal year ended June 30, 2020.

Stockholders who would like to propose an independent director candidate for consideration for nomination by the Board of Directors at next year's annual meeting of stockholders may do so by submitting the candidate's name, resume and biographical information to the attention of Brian G. Drazba, Secretary, MEI Pharma, Inc., 11455 El Camino Real, Suite 250, San Diego, California 92130. All stockholder nominations received by the Secretary, which comply with the advance notice provisions of the Company's Amended and Restated Bylaws, will be presented to the Nominating and Governance Committee for the same consideration as individuals identified by the Nominating and Governance Committee through other means.

The Nominating and Governance Committee reviews the prospective candidate's biographical information and assesses each candidate's independence, diversity, skills and expertise based on a variety of factors, including the following criteria:

- whether the candidate has exhibited behavior that indicates he or she is committed to the highest ethical standards;
- whether the candidate has had broad business, governmental, non-profit or professional experience that indicates that the candidate will be able to make a significant and immediate contribution to the Board of Directors' discussion and decision-making; and

Table of Contents

- whether the candidate will be able to devote sufficient time and energy to the performance of his or her duties as a director.

Application of these factors requires the exercise of judgment by members of the Nominating and Governance Committee when the Committee makes recommendations to the Board of Directors, and cannot be measured in a quantitative way. In addition, the Nominating and Governance Committee considers, as one factor among many, the diversity of Board candidates, which may include diversity of skills and experience as well as geographic, gender, age, and ethnic diversity. The Nominating and Governance Committee does not, however, have a formal policy with regard to the consideration of diversity in identifying Board candidates. The Nominating and Governance Committee and the Board of Directors generally value the broad business experience and independent business judgment in the health care, life sciences and other fields of each member. Specifically, Dr. White is qualified for the Board based on her business and medical experience in the healthcare field, including oncology research. Mr. Baltic is qualified for the Board based on his business experience in the health care investment banking industry. Dr. Clemens is qualified for the Board based on his business and pharmaceutical industry experience in the areas of commercialization, strategic marketing, business development and drug development in oncology. Ms. Cohen is qualified for the Board based on her business and pharmaceutical industry experience in the areas of commercialization, strategic marketing, business development and drug development in oncology. Mr. Driscoll is qualified for the Board based on his business experience in the pharmaceutical industry in the area of finance and his status as an “audit committee expert”. Dr. Glover is qualified for the Board based on his business experience and his drug development experience in the oncology field. Ms. Howson is qualified for the Board based on her business experience in the pharmaceutical industry in the area of business development. Dr. Reynolds is qualified for the Board based on his medical experience and experience in clinical development and regulatory and medical affairs. Dr. Gold is qualified for the Board based on his experience as the Company’s chief executive officer and other experience in clinical development and the pharmaceutical industry.

In addition, the Nominating and Governance Committee oversees compliance by the Company with its legal and regulatory obligations and periodically reviews:

- the Company’s Code of Business Conduct and Ethics;
- the Company’s Insider Trading Policy;
- the Company’s Corporate Disclosure Policy;
- the Company’s restated certificate of incorporation;
- the Company’s amended and restated bylaws; and
- the independent status of directors.

Director Independence

The Board of Directors has determined the independence of each director in accordance with the elements of independence set forth in the NASDAQ listing standards. Based upon information solicited from each director, the Board of Directors has determined that each of Dr. White, Mr. Baltic, Dr. Clemens, Ms. Cohen, Mr. Driscoll, Dr. Glover, Ms. Howson and Dr. Reynolds has no material relationship with MEI Pharma and is “independent” within the meaning of NASDAQ’s director independence standards as currently in effect. In making the foregoing determinations, the Board of Directors has considered both the objective tests set forth in the NASDAQ independence standards and subjective measures with respect to each director necessary to determine that no relationships exist that would interfere with the exercise of independent judgment by each such director in carrying out responsibilities of a director. Dr. Gold, as President and Chief Executive Officer, is not considered independent in accordance with NASDAQ’s requirements.

Board Leadership Structure

Previously, the Board of Directors created the position of Lead Director to carry out the duties of the Chair until the Nominating and Governance Committee identified, and the Board appointed, a director to the Chair position. In December 2015, the Board of Directors eliminated the Lead Director position and elected Dr. White to the position of Chair of the Board. Dr. White previously held the position of Lead Director since March 2013.

The Board of Directors does not have a policy addressing whether the same person should serve as both the Chief Executive Officer and Chair of the Board or if the roles should be separate. Our Board believes that it should have the flexibility to make its determination based upon what it considers to be the appropriate leadership structure for the Company at the time. The Board believes that its current leadership structure, with Dr. Gold serving as President and Chief Executive Officer and Dr. White serving as Chair of the Board is appropriate for the Company at this time.

Board Role in Risk Oversight

Risk is an integral part of the Board and Committee deliberations throughout the year. While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and receives financial risk assessment reports from management. Risks related to the compensation programs are reviewed by the Compensation Committee. The Nominating and Governance Committee exercises oversight of governance risks, including succession planning and legal compliance. The Board is advised by these committees of significant risks and management’s response through periodic updates.

Anti-Hedging and Pledging Policies

Under our Insider Trading Policy, all directors, officers, employees and consultants of the Company are subject to restrictions on hedging of securities of the Company. These restrictions apply to securities of the Company owned by such persons, regardless of whether such securities were

[Table of Contents](#)

granted by the Company to such persons as compensatory awards. Our Insider Trading Policy prohibits such persons from engaging in short sales of securities of the Company or in transactions in publicly traded options with respect to securities of the Company. In addition, our Insider Trading Policy permits, but discourages, such persons from holding securities of the Company in a margin account or pledging securities of the Company as collateral for a loan and from entering standing orders with respect to securities of the Company.

Stockholder Communications with the Board of Directors

The Company's stockholders may communicate with the Board of Directors, including non-executive directors or officers, by sending written communications addressed to such person or persons in care of MEI Pharma, Inc., Attention: Secretary, 11455 El Camino Real, Suite 250, San Diego, California, 92130. All communications will be compiled by the Secretary and submitted to the addressee. If the Board of Directors modifies this process, the revised process will be posted on the Company's website.

Appointment of Directors

The Company's amended and restated certificate of incorporation and amended and restated by-laws provide that the number of directors will be set by resolution of the board, but shall be between two and nine. The Company currently has nine directors.

Under the Company's amended and restated certificate of incorporation and amended and restated by-laws, directors are to be elected at each annual meeting of stockholders for a term of three years unless the director is removed, retires or the office is vacated earlier. The board is divided into three classes with respect to the term of office, with the terms of office of one class expiring each successive year. This classified board provision could discourage a third party from making a tender offer for the Company's shares or attempting to obtain control of MEI Pharma. It could also delay stockholders who do not agree with the policies of the Board of Directors from removing a majority of the Board of Directors for two years.

A director may resign at any time. The resignation is effective upon receipt of notice. Any or all directors may be removed with or without cause by a resolution of stockholders entitled to vote to elect directors. Vacancies from resignation or removal or expansion of the size of the board may be filled by resolution of a majority of directors then in office or by a sole remaining director, and any director so appointed shall serve for the remainder of the full term of the class of directors in which the vacancy occurred.

Attendance of Directors at Board Meetings and Shareholder Meetings

During the fiscal year ended June 30, 2020, the Board of Directors held a total of six meetings, and each director attended at least 75% of the total number of meetings of the Board of Directors and of the meetings of each committee of the Board of Directors on which such director served.

All directors are expected to attend the Company's annual meetings of stockholders. All directors then in office attended the annual meeting of stockholders held in December 2019.

Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics that applies to the Company's directors and employees and the Company has posted the text of the policy on its website at www.meipharma.com.

The Company's executive officers are appointed by and serve at the discretion of the Board of Directors. Set forth below are the names and certain biographical information regarding MEI Pharma's executive officers as of June 30, 2020.

**APPROVAL OF AMENDED AND RESTATED
2008 STOCK OMNIBUS EQUITY COMPENSATION PLAN
(PROPOSAL NO. 2)**

MEI Pharma's Amended and Restated 2008 Stock Omnibus Equity Compensation Plan, which we refer to as the "2008 Equity Plan," was initially adopted in 2008 as the "MEI Pharma, Inc. 2008 Stock Omnibus Equity Compensation Plan." The MEI Pharma Board of Directors believes having stock available for grant to be a significant contributing factor to the continued success of MEI Pharma, by enabling the Company to attract, motivate and retain directors, officers, employees and advisors who are expected to contribute to its success and achieve its corporate goals, which the Company believes will benefit its stockholders.

Effective upon the approval by our stockholders at the Annual Meeting, the MEI Pharma Board of Directors has amended and restated the 2008 Equity Plan (the "Amended Plan"), subject to the approval of our stockholders, to increase the number of shares of our common stock authorized for future grant under the Amended Plan by 9,925,000 shares, so that, together with the 6,437,150 shares that remain available for new awards as of June 30, 2020, a total of 16,362,150 shares of our common stock will be available for new awards, subject to the share counting, share recycling and adjustment provisions set forth in the Amended Plan and described below. The proposed increase represents approximately 8.8% of the Company's outstanding common stock as of June 30, 2020.

As of the date stockholders approve this amendment and restatement, in addition to the shares subject to outstanding awards as of June 30, 2020 (the "Outstanding Awards"), (i) 16,362,150 shares will be available for new awards, less (ii) one share for every one share that was subject to an option or Stock Appreciation Right ("SAR") granted after June 30, 2020 and 1.25 shares for every one share that was subject to a stock unit, stock award or other stock-based award ("Full Value Award") granted after June 30, 2020. If any shares subject to an award are forfeited, the award expires or the award is settled in cash, the shares subject to such award, to the extent of such forfeiture, expiration or cash settlement, will be available for awards under the Amended Plan

We are seeking stockholder approval of the Amended Plan (i) in order to meet the published listing requirements of the NASDAQ Capital Market, (ii) to confirm that the maximum grant date value of shares subject to awards granted to any non-employee director during any calendar year for services provided as a non-employee director, taken together with any cash fees paid or payable to such non-employee director for services performed as a non-employee director for such year, is \$400,000 and (iii) in order for incentive stock options ("ISOs") to meet the requirements of the Internal Revenue Code of 1986, as amended (the "Code").

Table of Contents

The following table sets forth certain information about the 2008 Equity Plan as of June 30, 2020, and the potential overhang under the Amended Plan with 9,925,000 additional new shares:

• Number of shares relating to stock options outstanding as of June 30, 2020	11,252,976
• Weighted average remaining term of outstanding options	7.8 years
• Weighted average exercise price of outstanding options	\$ 2.81
• Number of Full Value Awards outstanding as of June 30, 2020	—
• Remaining number of authorized shares as of June 30, 2020 for future grants under the 2008 Equity Plan	6,437,150
• Number of new shares requested under the Amended Plan	9,925,000
• Total number of authorized shares under the Amended Plan (1)	16,362,150
• Total potential overhang under the Amended Plan (2)	27,615,126
• Number of shares of common stock outstanding as of June 30, 2020	111,513,689
• Fully-diluted shares of common stock (3)	139,128,815
• Potential dilution of 9,925,000 new shares requested under the Amended Plan as a percentage of fully-diluted shares of common stock	7.1%

(1) The total number of authorized shares for future grants under the Amended Plan includes (i) 9,925,000 additional shares requested, plus (ii) 6,437,150 shares that remained available for grants under the 2008 Equity Plan as of June 30, 2020.

(2) The total potential overhang under the under Amended Plan in the foregoing table consists of 11,252,976 shares subject to stock options outstanding as of June 30, 2020, plus shares that remained available for grants under the 2008 Equity Plan as of June 30, 2020, plus the number of new shares requested for approval by stockholders under the Amended Plan.

(3) The fully diluted shares of common stock in the foregoing table consists of the shares of common stock outstanding as of June 30, 2020 plus the total potential overhang under the Amended Plan.

The request for stockholders to approve an increase of 9,925,000 shares available for new awards under the Amended Plan considers the Company's industry, size, volatility, and an estimate of the policies of some influential institutional stockholders and related vote advisory services. The amount of new stock plan dilution incurred by peer companies' stockholders was reviewed to estimate the equivalent new share amount under the Amended Plan. The proposed total number of shares available for issuance under new awards was then determined at a level expected to be sufficient for between two and four years of expected new awards, assuming we continue to grant awards consistent with our current practices and historical usage, and further dependent on the price of our shares and hiring activity during the next few years, forfeitures of outstanding awards, and noting that future circumstances may require us to change our current equity grant practices. We cannot predict our future equity grant practices, the future price of our shares or future hiring activity with any degree of certainty at this time, and the share reserve under the Amended Plan could last for a shorter or longer time. The Board of Directors was assisted by its independent compensation consultant FW Cook in determining an appropriate increase of the number of authorized shares under the Amended Plan.

The table below sets forth the following information regarding the stock options granted under the 2008 Equity Plan: (i) the burn rate for each of the last three fiscal years and (ii) the average burn rate over the last three fiscal years. No Full Value Awards were granted under the 2008 Equity Plan in any of the last three fiscal years. The burn rate for a year has been calculated as follows:

- (i) all stock options granted in the applicable year, divided by
- (ii) the weighted average number of shares of common stock outstanding for the applicable fiscal year.

Burn Rate

Element	2020	2019	2018
Stock Options Granted	3,733,333	3,119,250	2,772,333
Weighted Average Shares of Common Stock Outstanding for the fiscal year ended June 30	91,080,084	71,139,278	41,431,319
Burn Rate	4.1%	4.4%	6.7%

The burn rate means that the Company used an annual average of 5.1% of the weighted average shares outstanding for awards granted over the past three fiscal years under the 2008 Equity Plan.

The Amended Plan is set forth in [Annex A](#) to this proxy statement, and the following description of the Amended Plan is only intended to be a summary of the key provisions of the Amended Plan. Such summary is qualified in its entirety by the actual text of the Amended Plan to which reference is made.

Description of the Amended Plan

Purpose

The purpose of the Amended Plan is to provide a means for us to attract, retain, motivate and reward present and prospective employees, non-employee directors and advisors by increasing their ownership interests in the Company.

Administration of the Amended Plan

The Amended Plan generally will be administered by the Compensation Committee of the Board of Directors, except that the Board of Directors will perform the Compensation Committee's functions under the Amended Plan for purposes of grants of awards to non-employee members of the Board of Directors, and, to the extent permitted under applicable law and regulation, may perform any other function of the committee as well. The Compensation Committee (or Board of Directors, as applicable) has the authority, among other things, to: (i) select the directors, officers, employees and advisors entitled to be granted awards under the Amended Plan; (ii) determine the types and amounts of awards, or combinations thereof, and whether such awards are to operate on a tandem basis or in conjunction with other awards; and (iii) determine the other terms and conditions of any award, including, without limitation, any restrictions or limitations on transfer, any vesting schedules or the acceleration thereof and any forfeiture provisions or waivers thereof; provided that no stock option or SAR shall have a term longer than ten years from the date of grant.

The Compensation Committee's authority with respect to awards to employees who are not directors or executive officers may be delegated to our officers or managers, including our Chief Executive Officer. This delegation may be revoked at any time.

As of October 20, 2020, 56 employees, eight non-employee directors and one advisor are eligible to participate in the Amended Plan. However, because awards will be granted at the discretion of the Compensation Committee (or its delegate) or the Board, it is not possible to determine the benefits or amounts that will be received by any particular person in the future.

Types of Awards

MEI Pharma's present and prospective directors, officers, employees, and advisors and those of its subsidiaries and affiliates are eligible for awards under the Amended Plan.

Under the Amended Plan, individual awards may take the form of:

- stock options, the exercise price of which may not be less than 100% of the fair market value of the shares covered by such grant on the date of grant, measured at the closing market price of the common stock on such date, and the exercise price may be paid in such manner as specified by the Compensation Committee, including in cash, by tendering shares already owned, through a broker-assisted cashless exercise, through "net exercise" or by such other method as the Compensation Committee shall approve;
- SARs, the base price of which may not be less than 100% of the fair market value of the shares covered by such grant on the date of grant, measured at the closing market price of the common stock on such date;
- restricted stock, consisting of shares of MEI Pharma common stock that may be subject to forfeiture based upon the failure to satisfy employment-related restrictions;
- stock units;
- deferred stock, representing the right to receive shares of MEI Pharma common stock in the future;
- bonus stock and awards in lieu of cash compensation; and
- other awards, not otherwise provided for, denominated or payable in, or the value of which is based in whole or in part upon the market or book value of, MEI Pharma stock, including Dividend Equivalents, as described below.

Dividend Equivalents. Dividend equivalents consist of a right to receive cash, other awards or other property equal in value to dividends paid with respect to a specified number of shares of MEI Pharma stock. Dividend equivalents may only be granted in connection with Full Value Awards. Dividends and dividend equivalents related to Full Value Awards will only vest and be paid if and to the extent that the related Full Value Awards vest and are paid.

Transferability of Awards

No grant under the Amended Plan and no shares that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, except by will or by the laws of descent and distribution or with respect to grants other than ISOs, pursuant to a domestic relations order.

Notwithstanding the above, the Compensation Committee may provide, in a grant letter, that a grantee may transfer nonqualified options to family members, or one or more trusts or other entities for the benefit of or owned by family members, consistent with the applicable securities laws, according to

such terms as the Compensation Committee may determine; provided that the grantee receives no consideration for the transfer and the transferred option will continue to be subject to the same terms and conditions as were applicable to the option immediately before the transfer.

Cancelled, Forfeited and other Terminated Awards

If and to the extent any stock-based awards are forfeited, terminated, or otherwise not paid in full, the shares subject to such grants (including grants made under the 2008 Equity Plan prior to the effective date of the Amended Plan) will become available again for purposes of the Amended Plan. Shares of common stock surrendered in payment of the exercise price of an option (including options granted under the 2008 Equity Plan prior to the effective date of the Amended Plan), or withheld for payment of taxes of any grant (including grants made under the 2008 Equity Plan prior to the effective date of the Amended Plan), shall not be available for re-issuance under the Amended Plan. Upon the exercise of an option through a net exercise procedure, or upon the exercise of a SAR (including options and SARs granted under the 2008 Equity Plan prior to the effective date of the Amended Plan), both for purposes of calculating the number of shares remaining available for issuance under the Amended Plan and the number of shares remaining available for exercise under such option or SAR, the number of such shares shall be reduced by the gross number of shares for which the option or SAR is exercised and without regard to any cash settlement of a SAR. Except as provided with respect to cash settlement of SARs, to the extent that any grants (including grants made under the 2008 Equity Plan prior to the effective date of the Amended Plan) are paid in cash and not in shares of common stock, any shares previously subject to such grants shall again be available for issuance or transfer under the Amended Plan and shall not count against the share limits for purposes of shares available under the Amended Plan. In addition, shares reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of options (including options granted under the 2008 Equity Plan prior to the effective date of the Amended Plan) will not be added to the shares available for future grants under the Amended Plan.

Limits on Shares Authorized under the Amended Plan and Size of Awards

Overall Limit. As noted above, subject to adjustment as provided in Sections 3(b) and 12 of the Amended Plan, and described below, as of the effective date of the Amended Plan, in addition to the Outstanding Awards made on or prior to June 30, 2020, (i) 16,362,150 shares, less (ii) one share for every one share that was subject to an option or SAR granted after June 30, 2020 and 1.25 shares for every one share that was subject to a Full Value Award granted after June 30, 2020, will be authorized for grants to be made under the Amended Plan. A maximum of 10,000,000 shares may be subject to ISOs.

For each share that is subject to an option or SAR granted under the Amended Plan, the share limit referred above will be reduced by one share for every one share that was subject to an option or SAR and for each share that is subject to a Full Value Award granted under the Amended Plan, the limit is reduced by 1.25 shares for every one share that was subject to a Full Value Award. Any shares that again become available for grants under the Amended Plan as described in “Cancelled, Forfeited and other Terminated Awards” above, are added as (i) one share for every one share subject to options or SARs granted under the Amended Plan and the 2008 Equity Plan and one share for every one share subject to Full Value Awards granted under the 2008 Equity Plan, and (ii) as 1.25 shares for every one share subject to Full Value Awards granted under the Amended Plan and the 2008 Equity Plan.

Substitute awards (awards made or shares issued by the Company in assumption of, or in substitution or exchange for, awards previously granted, or the right or obligation to make future awards, in each case by a company acquired by the Company or any Company subsidiary or with which the Company or any subsidiary combines) will not reduce the shares authorized for grant under the Amended Plan, nor will shares subject to a substitute award be added to the shares available for issuance or transfer under the Amended Plan. Additionally, in the event that a company acquired by the Company or any Company subsidiary or with which the Company or any subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for grants under the Amended Plan and will not reduce the shares authorized for grant (and shares subject to such grants will not be added to the shares available for grants); provided that grants using such available shares will not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and will only be made to individuals who were not employees or directors prior to such acquisition or combination.

Limits per Participant. Notwithstanding any other provision of the Amended Plan to the contrary, subject to adjustments as set forth in Section 12 of the Amended Plan and described below, during any single calendar year, the aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all grants to any non-employee director plus the sum of all cash payments paid or payable to such director for such year may not exceed \$400,000. No other participant will be granted awards with respect to more than 4,000,000 shares of common stock during any calendar year, subject to adjustments as set forth in Section 12 of the Amended Plan and described below. This limitation will be multiplied by two with respect to grants made to an employee during the first calendar year in which he or she commences employment or service with the Company and its subsidiaries.

Adjustments for Changes in Common Stock and Certain Other Events

In the event that the Compensation Committee determines that any recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, exchange or issuance of shares or other securities, stock dividend or other special, large and non-recurring dividend or distribution (whether in the form of cash, securities or other property), liquidation, dissolution, or other similar corporate transaction or event, affects our shares such that an adjustment is appropriate in order to prevent dilution or enlargement of the rights of participants under the Amended Plan, then the Compensation Committee shall, in such manner as it may deem equitable, adjust any or all of:

- the number and kind of shares of stock reserved and available for awards under the Amended Plan, including shares reserved for ISOs;
- the number and kind of shares of stock specified in the annual per-participant limitations under the Amended Plan;

Table of Contents

- the number and kind of shares that may be issued in respect of outstanding awards; and
- the exercise price, grant price or purchase price relating to any award (or, if deemed appropriate, the Compensation Committee may make provision for a cash payment, including, without limitation, payment based upon the intrinsic (i.e., in-the-money) value, if any, with respect to any outstanding award).

In addition, the Compensation Committee shall make appropriate adjustments in the terms and conditions of, and the criteria included in, awards (including, without limitation, cancellation of unexercised or outstanding awards, or substitution of awards using stock of a successor or other entity) in recognition of unusual or nonrecurring events affecting us or our financial statements, or in response to changes in applicable law, regulation, or accounting principles.

Change of Control

The vesting of awards in connection with a change of control or other event will be determined by the terms of the individual award agreement.

In the event of a change in control, the Compensation Committee may take one or more of the following actions with respect to any or all outstanding grants: (i) require surrender of outstanding vested options and SARs in exchange for payment by the Company, in cash or shares, in an amount equal to the “spread” of each such award; (ii) provide for the cancellation of unvested grants for no consideration; (iii) provide for the cancellation of out-of-the-money grants for no consideration; (iv) after giving an opportunity to exercise outstanding options and SARs, terminate any or all unexercised awards; or (v) determine that outstanding options and SARs that are not exercised will be assumed by, or replaced with comparable options or rights by, the surviving corporation, (or a parent or subsidiary of the surviving corporation), and other outstanding grants that remain in effect after the change in control be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation).

Prohibition on Repricing

Notwithstanding anything in the Amended Plan to the contrary, and other than pursuant to Section 12 of the Amended Plan that addresses equitable adjustments, the Compensation Committee will not without the approval of the Company’s stockholders (a) lower the exercise price per share of an option (or grant price of a SAR) after it is granted, (b) cancel an option or SAR in exchange for an option or SAR with a lower exercise price, cash or another grant (other than in connection with a change in control), or (c) take any other action with respect to an option or SAR that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the shares are listed.

Clawback and Recoupment

All awards under the Amended Plan are subject to the applicable provisions of the MEI Pharma clawback or recoupment policy, as such policy may be in effect from time to time and are subject to recoupment as may be required by applicable law, regulation or exchange listing requirements. The current MEI Pharma clawback policy may be found on page 6 of the Company’s Corporate Governance Guidelines under Nominating & Governance Committee Guidelines at <https://investor.meipharma.com/corporate-governance>.

Amendment, Waiver and Termination

The Amended Plan may be amended, altered, suspended, discontinued or terminated by the Board of Directors without stockholder approval unless such approval is required by law or regulation, including, without limitation, under the rules of any stock exchange or automated quotation system on which MEI Pharma’s common stock is then listed or quoted. The Compensation Committee may waive any conditions or amend, alter, suspend, discontinue or terminate any award under the Amended Plan. No such change to the Amended Plan or any award may, without the participant’s consent, materially impair the rights of the participant under an outstanding award except as provided in the Amended Plan or applicable award agreement.

Material Federal Income Tax Consequences

The following is a brief description of the federal income tax consequences generally arising with respect to awards that may be granted under the Amended Plan. This discussion is intended for the information of MEI Pharma stockholders considering how to vote at the MEI Pharma Annual Meeting and not as tax guidance to individuals who may participate in the Amended Plan. The summary does not address the effects of other federal taxes or taxes imposed under state, local or foreign laws.

The grant of an option or SAR will create no tax consequences for the participant or MEI Pharma. A participant will not have taxable income upon exercising an ISO (except that the alternative minimum tax may apply), and MEI Pharma will receive no tax deduction at that time. Upon exercising an option other than an ISO, the participant must generally recognize ordinary income equal to the difference between the exercise price and the fair market value of the freely transferable and non-forfeitable stock received. In each case, MEI Pharma will generally be entitled to a tax deduction equal to the amount recognized as ordinary income by the participant.

A participant’s disposition of stock acquired upon the exercise of an option or SAR generally will result in capital gain or loss measured by the difference between the sale price and the participant’s tax basis in such stock (or the exercise price of the option in the case of stock acquired by exercise of an ISO and held for the applicable ISO holding periods). Generally, there will be no tax consequences to MEI Pharma in connection with a disposition of stock acquired upon the exercise of an option or other award, except that MEI Pharma will generally be entitled to a tax deduction (and the participant will recognize ordinary taxable income) if stock acquired upon exercise of an ISO is disposed of before the applicable ISO holding periods have been satisfied.

[Table of Contents](#)

With respect to awards granted under the Amended Plan that may be settled either in cash or in stock or other property that is either not restricted as to transferability or not subject to a substantial risk of forfeiture, the participant generally must recognize ordinary income equal to the cash or fair market value of stock or other property received. MEI Pharma will generally be entitled to a tax deduction for the same amount. With respect to awards involving stock or other property that is restricted as to transferability and subject to a substantial risk of forfeiture, the participant generally must recognize ordinary income equal to the fair market value of the stock or other property received at the first time the stock or other property becomes transferable or not subject to a substantial risk of forfeiture, whichever occurs earlier. MEI Pharma will generally be entitled to a tax deduction in an amount equal to the ordinary income recognized by the participant. A participant may elect to be taxed at the time of receipt of the stock or other property rather than upon the lapse of restrictions on transferability or substantial risk of forfeiture, but if the participant subsequently forfeits such stock or property, the participant would not be entitled to any tax deduction, including capital loss, for the value of the stock or property on which the participant previously paid tax. Such election must be made and filed with the Internal Revenue Service within 30 days after the receipt of the stock or other property.

Under section 409A of the Code, an award under the Amended Plan may be taxable to the participant at 20 percentage points above ordinary federal income tax rates at the time the award becomes vested, plus interest and penalties, even if that is prior to the delivery of cash or stock in settlement of the award, if the award constitutes “deferred compensation” under section 409A of the Code and the requirements of section 409A of the Code are not satisfied.

The Amended Plan provides that MEI Pharma has the right to require participants under the Amended Plan to pay it an amount necessary for it to satisfy its federal, state, local and foreign tax withholding obligations with respect to such awards. The Amended Plan permits the Company to determine the tax withholding rates, which comply with withholding requirements then in effect, and which will not cause an adverse accounting consequence or cost to the Company. MEI Pharma may withhold from other amounts payable to such individual an amount necessary to satisfy these obligations. Unless the Compensation Committee or its designee determines otherwise, a participant may satisfy this withholding obligation by having shares acquired pursuant to the award withheld.

VOTE REQUIRED

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote is required to approve the amended and restated 2008 Equity Plan. Abstentions and broker non-votes, if any, will be counted for the purposes of determining the presence or absence of a quorum. Abstentions will have the effect of a vote "against" the proposal. Broker non-votes will have no effect on the outcome of the proposal. A failure to vote by not returning a signed proxy will have no effect on the outcome of the proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE MEI PHARMA, INC. 2008 STOCK OMNIBUS COMPENSATION PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK THAT MAY BE SUBJECT TO AWARDS AND MAKE CERTAIN OTHER CHANGES INCLUDED IN THE PLAN DOCUMENT ATTACHED AS ANNEX A.

**ADVISORY VOTE ON EXECUTIVE COMPENSATION
(PROPOSAL NO. 3)**

At our 2017 annual meeting of stockholders, our stockholders indicated their preference that we solicit a non-binding advisory vote on the compensation of the named executive officers, commonly referred to as a “Say-on-Pay” vote, every year. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The compensation of our named executive officers subject to the vote is disclosed in the “Compensation Discussion and Analysis—Compensation Philosophy and Objectives” section and the compensation tables and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are focused on pay-for-performance principles, aligned with our stockholders’ interests and consistent with current market practices. Compensation of our named executive officers is intended to enhance stockholder value by attracting, motivating and retaining qualified individuals to perform at the highest levels and to contribute to our growth and success.

We urge stockholders to read the information below under “Compensation Discussion and Analysis”, including the Company’s Compensation Philosophy and Objectives as well as the related compensation tables and narrative, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. Our Board of Directors and the Compensation Committee believe that our compensation policies and practices are effective in implementing our compensation philosophy and in helping us achieve our corporate goals.

Accordingly, our Board of Directors is asking the stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by casting a non-binding advisory vote “FOR” the following resolution:

“RESOLVED, that the compensation paid to MEI Pharma, Inc. named executive officers for fiscal 2020, as disclosed pursuant to Item 402 of Regulation S-K in the Company’s proxy statement for the fiscal year 2020 annual meeting of stockholders, including the discussion under the heading “Compensation Discussion and Analysis”, the compensation tables and the other narrative discussion is hereby APPROVED.”

Because the vote is advisory, it is not binding on us or our Board of Directors. Nevertheless, the views expressed by our stockholders, whether through this vote or otherwise, are important to us and our Board of Directors and, accordingly, our Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires a majority of the votes cast by stockholders entitled to vote on the proposal voting “FOR” approval. Abstentions and broker non-votes, if any, will be counted for the purposes of determining the presence or absence of a quorum. Abstentions will have the effect of a vote “against” the proposal. Broker non-votes will have no effect on the outcome of the proposal. A failure to vote by not returning a signed proxy will have no effect on the outcome of the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the compensation strategy, policies, programs and practices for the named executive officers identified in the Summary Compensation Table. For fiscal year 2020, the named executive officers consist of Daniel P. Gold, Ph.D., President, Chief Executive Officer & Director, Brian G. Drazba, Chief Financial Officer, Robert D. Mass, M.D., Chief Medical Officer, and David M. Urso, Chief Operating Officer and General Counsel, to whom we collectively refer in this Compensation Discussion and Analysis as our “executive officers.”

Compensation Philosophy and Objectives

We believe that the performance of our executive officers significantly impacts our ability to achieve our corporate goals. We, therefore, place considerable importance on the design and administration of our executive officer compensation program. This program is intended to enhance stockholder value by attracting, motivating and retaining qualified individuals to perform at the highest levels and to contribute to our growth and success. Our executive officer compensation program is designed to provide compensation opportunities that are tied to individual and corporate performance.

Our overall compensation philosophy has been to pay our executive officers an annual base salary and to provide opportunities, through cash and equity incentives, to deliver higher compensation if certain key performance goals are satisfied or exceeded. The primary principles of our fiscal year 2020 compensation strategy were:

- Compensation decisions are driven by a pay-for-performance philosophy;
- Compensation should reflect individual and corporate performance; and
- Target annual compensation is competitively positioned against a peer group of similar companies.

The Compensation Committee’s Process

The Compensation Committee acts on behalf of the Board with respect to fulfilling the Board’s responsibilities to oversee the Company’s compensation policies, plans and programs and reviewing and determining, as appropriate, the compensation to be paid to executive officers and directors. To achieve this task, the Compensation Committee (i) reviews and approves corporate performance goals and objectives that support and reinforce the Company’s long-term strategic goals and compensation plans; (ii) reviews the individual performance of the executive officers; (iii) establishes policies with respect to equity compensation arrangements, timing and pricing of equity awards for newly hired employees, promotions and annual grants for executive and non-executive employees and directors; (iv) reviews regional and industry-wide compensation practices and trends to assess the propriety, adequacy and competitiveness of the Company’s executive compensation programs among comparable companies in the Company’s industry; (v) reviews and approves the terms of any employment agreements, severance agreements, change-of-control protections and any other compensatory arrangements of the executive officers; (vi) performs and considers a compensation risk assessment; and (vii) considers stockholder feedback and Say-on-Pay voting results.

With respect to compensation of our Chief Executive Officer, the Compensation Committee evaluates the Chief Executive Officer’s performance in light of relevant performance goals and objectives, taking into account the policies of the Compensation Committee and, with respect to long-term incentive compensation, stockholder return and the results of the most recent stockholder advisory vote on executive compensation. The Compensation Committee reviews and approves (or if appropriate, recommends to the Board for final determination and approval) individual and corporate performance goals and objectives of the Company’s other executive officers. The Compensation Committee considers the recommendations of the Chief Executive Officer with respect to the compensation of the Company’s other executive officers. The Compensation Committee also makes recommendations to the Board with respect to this “Compensation Discussion and Analysis” section and recommends that such section be included in any of the Company’s annual reports on Form 10-K, registration statements, proxy statements or information statements.

The Compensation Committee meets at least once a year or more frequently as its members deem necessary or appropriate. Under the charter, the Compensation Committee has the authority, in its sole discretion, to retain or obtain the advice of a compensation consultant, legal counsel or other advisors as the Compensation Committee may determine to assist in the performance of the Compensation Committee’s duties and responsibilities, only after taking into consideration the factors prescribed by the SEC and NASDAQ that bear upon the adviser’s independence.

Setting Executive Compensation

The Compensation Committee considers peer group analysis as a component of its overall executive compensation decision process, but it does not attempt to set executive compensation to a specific benchmark level, or percentile at other companies. The Compensation Committee determines the mix of compensation of each executive officer based on its review of such competitive data and an assessment of the individual's performance. We believe our approach to compensation does not encourage excessive risk-taking by the Company's executives as it is not a market outlier and is based on a typical mix of short- and long-term compensation tied to both internal objectives and to shareholder value.

Our peer group of companies for fiscal year 2020 consisted of 21 similar publicly-traded drug development companies, all approved by the Compensation Committee, with input from management and our compensation consultant. The peer group is composed of drug development companies with a similar market cap (all under \$700 million as of the date for inclusion in the peer group), without material revenue from commercial products, and with emphasis on oncology drug development companies as follows:

Aduro BioTech, Inc.	Idera Pharmaceuticals, Inc.
Advaxis, Inc.	Infinity Pharmaceuticals, Inc.
Agenus Inc.	Karyopharm Therapeutics Inc.
ArQule, Inc.	Kura Oncology, Inc.
Bellicum Pharmaceuticals, Inc.	Pieris Pharmaceuticals, Inc.
Calithera Biosciences, Inc.	Rigel Pharmaceuticals, Inc.
Celldex Therapeutics, Inc.	Stemline Therapeutics, Inc.
ChemoCentryx, Inc.	Tracon Pharmaceuticals, Inc.
CytRx Corporation	Verastem, Inc.
Five Prime Therapeutics, Inc.	Ziopharm Oncology, Inc.
Geron Corporation	

The Compensation Committee believes that our base compensation, cash incentives and equity programs reward the achievement of clearly defined corporate goals and objectives. This is critical for ensuring a competitive program that retains our existing executive officers and allows us to hire new executive officers, particularly in light of the competitive nature of our industry.

The peer data were used as context for setting fiscal 2020 executive officer compensation. The Compensation Committee does not set a target benchmark, but in fiscal year 2020, the value of total direct compensation for all named executive officers was near the median, with the CEO at the median. This recognizes that the fiscal year 2019 performance was above expectation following success in financing activities.

Role of Stockholder Say-on-Pay Votes

At our annual meeting of stockholders held in December 2019, approximately 99% of the shares voted at the meeting approved, on an advisory basis, the compensation of our named executive officers. The Compensation Committee considers input from stockholders, its compensation consultant and proxy advisors, when assessing its compensation philosophy and the components of its compensation program, giving further consideration to the level of attainment of corporate goals and to the compensation data of the Company's peer group so that compensation decisions are broadly consistent with market practice.

Elements of Compensation

Each executive officer's compensation has three key elements: (i) base salary, (ii) performance-based cash incentives and (iii) equity-based compensation. These elements of executive compensation are intended to align the interests of our executive officers with those of our stockholders.

Base Salary

Base salaries serve to provide a fixed amount of compensation to our executive officers for successfully fulfilling their responsibilities. We establish base salaries for our executive officers when they join our Company or upon promotion. Base salaries for executive officers are reviewed and determined by the Compensation Committee annually, following consultation with our compensation consultant. Dr. Gold was provided a salary increase of 6.6%, Mr. Drazba was provided a salary increase of 5.8%, Dr. Mass was provided a salary increase of 4% and Mr. Urso was provided a salary increase of 8.0% in fiscal 2020. The increases keep pace with the market and recognize experience and performance. Our Chief Medical Officer currently works a 40% part-time schedule, and his salary is pro-rated accordingly.

[Table of Contents](#)

Performance-based Cash Incentives

The Compensation Committee believes that allocating a meaningful amount of our executive officers' total cash compensation to the achievement of corporate goals and objectives aligns our executive officers' interests with those of our stockholders. The Compensation Committee establishes annual corporate incentive bonus targets for each of our executive officers. Fiscal year 2020 bonus targets were set at 60%, 40%, 40% and 45% of base salary for our Chief Executive Officer, Chief Financial Officer, Chief Medical Officer and Chief Operating Officer and General Counsel, respectively. Our Chief Medical Officer currently works a 40% part-time schedule, and his bonus is pro-rated accordingly. The annual corporate goals and objectives are generally critical path activities or strategic initiatives designed to enhance shareholder return.

Equity-based Compensation

The Compensation Committee believes that long-term value creation is achieved through an ownership culture that encourages performance by our executive officers through stock and stock-based awards. This potential reward for shareholder value creation is also key to our retention strategy. Under our 2008 Equity Plan, which was amended in 2018, we may award incentive and non-qualified stock options, stock appreciation rights, restricted stock, restricted stock units, and performance shares and units. Stock options granted before the plan was amended on December 3, 2014 generally had five-year terms. Those granted after December 3, 2014 expire after 10 years, have an exercise price equal to the fair market value at grant, and typically vest 25% after one year and in equal monthly installments thereafter over the next 36 months and have a three-month post-termination exercise period.

At the start of fiscal year 2020, we granted annual options to the Chief Executive Officer, the Chief Financial Officer, the Chief Medical Officer and the Chief Operating Officer & General Counsel in the amount of 680,000, 230,000, 230,000 and 350,000 options, respectively. All option awards were granted with an exercise price of \$2.52, which was the closing price on the date of grant. The Compensation Committee views options as naturally performance-based because they do not reward the option holder unless the stock price increases after grant.

The total compensation of each executive officer, which consisted of salary, bonus, and the grant date fair value of options was below the median of the peer group for all executive officers.

Corporate Goals for Fiscal Year 2020

Annual performance goals are set by the Compensation Committee, and they are as objective as possible in both their definition and their scoring at the end of the period, though there is a subjective element to scoring goals to recognize that some achievements are binary but that there is also a higher or lower degree of quality to some achievements. This is consistent with the multi-year timeline associated with the drug development business, where annual goals are milestones for a long-term development and regulatory approval process that creates value over a long time and investment horizon. The following is a description of the primary corporate goals for fiscal year 2020, which assisted the Compensation Committee in determining total compensation.

- Conduct the Company's operations within the approved budget and maintain sufficient capital to fund the Company's FY2020 clinical development plan with at least 1 quarter runway beyond topline data from the current ME-401-003 study.
- Dose 120 patients in the ME-401-003 study by June 30, 2020.
- Complete sufficient enrollment of Voruciclib monotherapy and plus venetoclax dose escalation by June 30, 2020 to make go/no go decision on further development.
- Conduct end of Phase II CMC meeting with FDA by December 31, 2019 for ME-401; complete manufacturing of registration batches of ME-401 and ensure NDA enabling nonclinical studies are not on the critical path by June 30, 2020.
- Obtain Board approval for an ME-401 development plan for indications beyond third line follicular lymphoma including inputs from commercial, regulatory and clinical.

The Compensation Committee determined the Company had met 75% of the goals above, and added an additional achievement of 50% for signing the License, Development and Commercialization Agreement with Kyowa Kirin Co., Ltd. ("KKC") which added \$100 million of non-dilutive cash to the Company. Therefore, the Company paid 125% of target bonus to each named executive officer, which was 75% of target bonus for achievement of pre-existing goals and 50% of target bonus for solidifying the Company's mid-term future by obtaining from advantageous additional financing with KKC.

Executive Benefits and Perquisites

The Company offers benefit programs to its employees, including named executive officers, which include paid-time off, health insurance, including a company funded HSA account and a Company sponsored 401(k) plan. Our executive officers generally do not receive any supplemental retirement benefits or perquisites, and participate in the above listed benefit programs on the same basis as other full-time employees.

Severance and Change in Control Agreements

Each of Dr. Gold's, Mr. Drazba's, Dr. Mass's and Mr. Urso's employment agreements provides for certain severance payments upon the applicable employee's termination by us other than for cause or by the applicable employee for good reason, as such terms are defined in the respective employment agreement. Upon such a termination of employment, we will: (i) make a payment to the applicable employee in lieu of notice in an amount equal to twelve months of such employee's base salary (as in effect at the time of such employee's termination from employment), and (ii) accelerate the vesting of the applicable employee's options so that such employee will be vested in the same number of shares of common stock subject to the options as if such employee had continued to be employed by us for an additional twelve months. Such payment and additional option vesting will be conditional upon the execution of a customary release of claims in favor of us and our affiliates, in a form prescribed by us. The payment in lieu of notice will be paid to the applicable employee in a single lump sum payment as soon as administratively practicable after the maximum review and revocation period for the release agreement as may be required under applicable law, if any, or such earlier date as determined in our sole discretion, but in no event more than 60 days after the applicable employee's termination of employment. If their employment had been terminated in accordance with the foregoing provisions on June 30, 2020, Dr. Gold, Mr. Drazba, Dr. Mass and Mr. Urso would have been entitled to payments in the amount of \$650,000, \$402,000, \$490,985 (prorated to the current year's percentage work schedule) and \$460,000, respectively, and the vesting of options to purchase 598,750 shares, 211,458 shares, 204,270 shares, and 290,416 shares of our common stock, respectively.

In the event of a change in control of MEI Pharma, as defined in the 2008 Equity Plan, unless the Compensation Committee of the Board of Directors determines otherwise, all of the options granted to Dr. Gold, Mr. Drazba, Dr. Mass and Mr. Urso will accelerate and become fully exercisable effective upon the date of the change in control. As of June 30, 2020, the intrinsic value of unvested stock options that would accelerate and become fully exercisable upon a change in control, computed by multiplying the difference between the closing price per share of our common stock on June 30, 2020 of \$4.13 and the exercise price of each stock option vested as a result of the termination, by the number of accelerated stock options for Dr. Gold, Mr. Drazba, Dr. Mass and Mr. Urso, was \$1,250,522, \$467,280, \$425,620 and \$616,772, respectively.

Tax and Accounting Considerations

The tax and accounting consequences to the Company of certain compensation elements are important considerations for the Compensation Committee when evaluating and recommending compensation packages for our executive officers. Generally, the Compensation Committee seeks to balance its objective to create an effective compensation program that attracts, retains and rewards executives in order to maximize the return to stockholders with the need for appropriate tax and accounting consequences of such compensation.

In addition to considering the tax consequences, the Compensation Committee considers the accounting consequences of its decisions, including the impact of expenses being recognized in connection with equity-based awards, in determining the size and form of different equity-based awards.

CEO Pay Ratio

SEC rules require us to disclose the total annual compensation of our principal executive officer for fiscal 2020, who was Daniel P. Gold, our President and Chief Executive Officer, the median of the total annual compensation of all employees other than our principal executive officer, as well as their ratio to each other (the "CEO Pay Ratio"). Total annual compensation for our principal executive officer and for the median of the total annual compensation of all employees is calculated in accordance with SEC rules applicable to the Summary Compensation Table. For fiscal 2020, these amounts were as follows:

- Our principal executive officer's total annual compensation: \$2,257,537
- Our median employee's total annual compensation: \$260,357
- CEO Pay Ratio: 8.67 to 1

In determining the median compensated employee, we chose June 30, 2020 as the determination date. As of this date, we had 50 employees, excluding our principal executive officer. We annualized compensation of employees who were not employed with us for the full fiscal year. In determining our median compensated employee and calculating the CEO Pay Ratio, we did not use any of the exemptions permitted under SEC rules, nor did we rely upon any material assumptions, adjustments or estimates.

The Company believes that the CEO Pay Ratio set forth above is a reasonable estimate for fiscal 2020, determined in a manner consistent with SEC rules. The SEC rules for identifying the median compensated employee and calculating the CEO Pay Ratio based on that employee's total annual compensation permit companies to adopt a variety of methodologies, to apply certain exemptions and to make certain assumptions, adjustments or estimates that reflect their compensation policies. Accordingly, the CEO Pay Ratio may not be comparable to the pay ratios reported by other companies, which may have used different methodologies, assumptions, adjustments or estimates in calculating their pay ratios.

Background

The Audit Committee has selected BDO USA, LLP (“BDO USA”) as independent registered public accounting firm to audit the financial statements and the internal controls over financial reporting of the Company for the fiscal year ending June 30, 2021. The Board of Directors is submitting the appointment of BDO USA to the stockholders for ratification as a matter of good corporate practice.

BDO USA has been engaged as the Company’s independent auditor since January 18, 2011. They have performed the Company’s annual audit of its financial statements for each fiscal year beginning with the fiscal year ended June 30, 2011.

Representatives of BDO USA are expected to attend the Annual Meeting. The BDO USA representatives will have an opportunity to make a statement at the meeting and are expected to be available to respond to appropriate questions.

Fees Paid to Auditors

Audit Fees

During the fiscal year ended June 30, 2020, we incurred aggregate audit fees of \$359,900 to BDO USA. Audit fees relate to professional services rendered in connection with the audit of our annual financial statements and internal controls, quarterly review of financial statements included in our Quarterly Reports on Form 10-Q and audit services provided in connection with other statutory and regulatory filings, including providing consents for inclusion of their opinion in registration statements filed with the Securities and Exchange Commission.

During the fiscal year ended June 30, 2019, we incurred aggregate audit fees of \$284,500 to BDO USA.

No audit-related fees were paid to BDO USA during the fiscal years ended June 30, 2020 and 2019.

Tax Fees

During the fiscal year ended June 30, 2020, we incurred aggregate tax fees of \$26,000 to BDO USA. Tax fees comprise fees for professional services related to tax compliance and advice.

During the fiscal year ended June 30, 2019, we incurred aggregate tax fees of \$32,000 to BDO USA.

Other Fees

No other fees were paid to BDO USA during the fiscal years ended June 30, 2020 and 2019.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy and procedure for pre-approving all audit and non-audit services to be performed by our independent auditors. The policy requires pre-approval of all services rendered by our independent auditors either as part of the Audit Committee’s approval of the scope of the engagement of the independent auditors or on a case by case basis.

VOTE REQUIRED

The ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2021 will require approval by the majority of the votes cast by the holders of the shares of our common stock voting in person or by proxy at the Annual Meeting. Stockholders may vote either for or against or abstain from voting on the proposal to ratify the selection of BDO USA, LLP as our independent registered public accounting firm. Abstentions and broker non-votes, if any, will be counted for the purposes of determining the presence or absence of a quorum. Abstentions will have the effect of a vote “against” the proposal. Broker non-votes will have no effect on the outcome of the proposal. A failure to vote by not returning a signed proxy will have no effect on the outcome of the proposal.

In the event that the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection of audit firms, but may decide not to change its selection. Even if the appointment is ratified, the Audit Committee may appoint a different independent registered public accounting firm at any time if it determines that such a change would be in our stockholders’ best interest.

THE AUDIT COMMITTEE AND THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMEND THAT THE STOCKHOLDERS VOTE “FOR” THE RATIFICATION OF BDO USA, LLP TO ACT AS MEI PHARMA’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2021.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of MEI Pharma has furnished the following report on its activities during the fiscal year ended June 30, 2020. The report is not deemed to be “soliciting material” or “filed” with the SEC or subject to the SEC’s proxy rules or to the liabilities of Section 18 of the Exchange Act, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing under the Securities Act of 1933, as amended (the “Securities Act”), or the Exchange Act, except to the extent that MEI Pharma specifically incorporates it by reference into any such filing.

The Audit Committee oversees the financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial reporting process, principles and internal controls as well as preparation of our financial statements. For the fiscal year ended June 30, 2020, the members of the Audit Committee were Mr. Driscoll (Committee Chair), Mr. Baltic, Dr. Glover and Ms. Cohen (beginning on June 17, 2020), each of whom is an independent director as defined by the applicable NASDAQ and SEC rules. Mr. William Rueckert, a former member of the Board of Directors, served on the Audit Committee until his retirement from the Board of Directors in December 2019. The Audit Committee met four times during the fiscal year ended June 30, 2020.

In fulfilling its responsibilities, the Audit Committee appointed independent auditors BDO USA for the fiscal year ended June 30, 2020. The Audit Committee reviewed and discussed with the independent auditors the overall scope and specific plans for their audit. The Audit Committee also reviewed and discussed with the independent auditors and with management MEI Pharma’s audited financial statements and the adequacy of its internal controls. The Audit Committee met with the independent auditors, without management present, to discuss the results of our independent auditor’s audits, their evaluations of MEI Pharma’s internal controls and the overall quality of MEI Pharma’s financial reporting.

Although the Audit Committee has the sole authority to appoint the independent auditors, the Audit Committee will continue its practice of recommending that the Board of Directors ask the stockholders, at their annual meeting, to ratify their appointment of the independent auditors for the fiscal year ending June 30, 2021.

The Audit Committee monitored the independence and performance of the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by Public Company Accounting Oversight Board (“PCAOB”) Auditing Standard No. 1301—Communications with Audit Committees. MEI Pharma’s independent auditors have provided the Audit Committee with the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent auditors’ communications with the Audit Committee concerning independence, and the Audit Committee has discussed with the independent auditor the independent auditor’s independence. Based upon the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2020, for filing with the SEC.

Section 3. Shares Available under the Plan

(a) Shares Authorized. Subject to adjustments as provided in Sections 3(b) and 12 below, as of the Restatement Effective Date, (i) ~~11,800,000~~ 16,362,150 Shares, less (ii) one Share for every one Share that was subject to an Option or SAR granted after June 30, ~~2018~~2020 and 1.25 Shares for every one Share that was subject to a Full Value Award granted after June 30, ~~2018~~2020, shall be authorized for Grants made under the Plan. Shares subject to Grants made under the Plan prior to the Restatement Effective Date will be issued from the Share reserve authorized under the Plan prior to the Restatement Effective Date. A maximum of ~~11,800,000~~ 10,000,000 Shares may be subject to ISOs granted under the Plan. Any Shares issued hereunder may consist, in whole or in part, of authorized and unissued shares, treasury shares or shares purchased in the open market or otherwise.

(b) Share Counting.

- (i) For each Share that is subject to an Option or SAR granted after June 30, ~~2018~~2020, the Share limit referred above in Section 3(a) shall be reduced by one Share for every one Share that was subject to an Option or SAR and for each Share that is subject to a Full Value Award granted after

Table of Contents

June 30, ~~2018~~2020, the Share limit shall be reduced by 1.25 Shares for every one Share that was subject to a Full Value Award.

- (ii) If any Shares subject to a Grant are forfeited, a Grant expires or a Grant is settled for cash (in whole or in part), then the Shares subject to such Grant shall, to the extent of such forfeiture, expiration or cash settlement, be added to the Shares available for Grants under the Plan, subject to the mechanism set forth in Section 3(b)(iv). The term "Grant" as used in this Section 3(b)(ii) shall include Grants made under the Plan prior to the Restatement Effective Date.
 - (iii) Notwithstanding anything to the contrary contained herein, the following Shares shall not be added to the Shares that may be subject to Grants under the Plan (including Grants made under the Plan prior to the Restatement Effective Date): (A) Shares tendered by the Grantee or withheld by the Company in payment of the Exercise Price of an Option, (B) Shares tendered by the Grantee or withheld by the Company to satisfy any tax withholding obligation with respect to Grants, (C) Shares subject to a SAR that are not issued in connection with its stock settlement on exercise thereof, and (D) Shares reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of Options.
 - (iv) Any Shares that again become available for Grants under the Plan pursuant to this Section 3 shall be added as (A) one Share for every one Share subject to Options or SARs granted under the Plan, and (B) as 1.25 Shares for every one Share subject to Full Value Awards granted under the Plan.
- (c) Substitute Awards. Substitute Awards shall not reduce the Shares authorized for grant under the Plan or the limitations on grants to a Grantee under Section 3(e), nor shall Shares subject to a Substitute Award be added to the Shares available for issuance or transfer under the Plan as provided in Sections 3(a) and (b) above. Additionally, in the event that a company acquired by the Company or any Company subsidiary or with which the Company or any subsidiary combines has shares available under a pre-existing plan approved by stockholders and not adopted in contemplation of such acquisition or combination, the shares available for grant pursuant to the terms of such pre-existing plan (as adjusted, to the extent appropriate, using the exchange ratio or other adjustment or valuation ratio or formula used in such acquisition or combination to determine the consideration payable to the holders of common stock of the entities party to such acquisition or combination) may be used for Grants under the Plan and shall not reduce the Shares authorized for Grants under the Plan (and Shares subject to such Grants shall not be added to the Shares available for Grants under the Plan as provided in Sections 3(a) and (b) above); provided that Grants using such available shares

shall not be made after the date awards or grants could have been made under the terms of the pre-existing plan, absent the acquisition or combination, and shall only be made to individuals who were not Employees or directors prior to such acquisition or combination.

- (d) Individual Limits on Grants to Non-Employee Directors. Notwithstanding any other provision of the Plan to the contrary, including but not limited to Section 3(e) below, the aggregate grant date fair value (computed as of the date of grant in accordance with applicable financial accounting rules) of all Grants granted to any Non-Employee Director during any single calendar year for services provided as a Non-Employee Director, plus the sum of all cash payments paid or payable to such director for services provided as a Non-Employee Director during such year (including but not limited to annual retainer and similar fees) shall not exceed \$400,000. For the avoidance of doubt, compensation shall be counted towards this limit for the year in which it is earned, and not a later year in the event it is deferred.
- (e) Individual Limits on Grants to Advisors and Employees. Subject to adjustment as provided in Section 12, no Advisor or Employee may be awarded Grants during any calendar year with respect to more than 4,000,000 Shares. The limitation in this Section 3(e) shall be multiplied by two with respect to Grants made to an Employee during the first calendar year in which the Employee commences employment or service with the Company and its subsidiaries. If a Grant is cancelled, the cancelled Grant shall continue to be counted toward the applicable limitation in this Section 3(e).

Section 4. Administration of the Plan

(a) Authority of the Compensation Committee. The Plan shall be administered by the Compensation Committee. The Compensation Committee shall have full and final authority to take the following actions, in each case subject to and consistent with the provisions of the Plan:

Table of Contents

- (i) to select the Advisors, Employees and Non-Employee Directors to whom Grants may be made;
- (ii) to determine the number of Shares subject to each such Grant;
- (iii) to determine the terms and conditions of any Grant made under the Plan;
- (iv) to determine whether to accelerate the exercisability of any or all applicable outstanding Grants at any time for any reason;
- (v) to determine the restrictions or conditions related to the delivery, holding and disposition of Shares acquired pursuant to a Grant;
- (vi) to prescribe the form of each Grant Letter;
- (vii) to adopt, amend, suspend, waive and rescind such rules and regulations and appoint such agents as the Compensation Committee may deem necessary or advisable to administer the Plan;
- (viii) to correct any defect or supply any omission or reconcile any inconsistency in the Plan and to construe and interpret the Plan and any Grant, Grant Letter or other instrument hereunder; and
- (ix) to make all other decisions and determinations as may be required under the terms of the Plan or as the Compensation Committee may deem necessary or advisable for the administration of the Plan.

All Grants shall be made conditional upon the Grantee's acknowledgement, in writing or by acceptance of the Grant, that all decisions and determinations of the Compensation Committee shall be final and binding on the Grantee, his or her beneficiaries and any other Person having or claiming an interest under such Grant.

(b) Manner of Exercise of Compensation Committee Authority. Any action of the Compensation Committee with respect to the Plan shall be final, conclusive and binding on all Persons, including the Company, its Affiliates, Grantees, or any Person claiming any rights under the Plan from or through any Grantee, except to the extent the Compensation Committee may subsequently modify, or take further action not inconsistent with, its prior action. If not specified in the Plan, the time at which the Compensation Committee must or may make any determination shall be determined by the Compensation Committee, and any such determination may thereafter be modified by the Compensation Committee. The express grant of any specific power to the Compensation Committee, and the taking of any action by the Compensation Committee, shall not be construed as limiting any power or authority of the Compensation Committee. The Compensation Committee may delegate to officers or managers of the Company or any Affiliate of the Company the authority, subject to such terms as the Compensation Committee shall determine, to perform such functions as the Compensation Committee may determine, to the extent permitted under applicable law.

Table of Contents

(c) Limitation of Liability. Each member of the Compensation Committee shall be entitled to, in good faith, rely or act upon any report or other information furnished to him by any officer or other employee of the Company or any of its Affiliates, the Company's independent certified public accountants or any executive compensation consultant, legal counsel or other professional retained by the Company to assist in the administration of the Plan. To the fullest extent permitted by applicable law, no member of the Compensation Committee, nor any officer or employee of the Company acting on behalf of the Compensation Committee, shall be personally liable for any action, determination or interpretation taken or made in good faith with respect to the Plan, and all members of the Compensation Committee and any officer or employee of the Company acting on its behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company with respect to any such action, determination or interpretation.

Section 5. Options

The Compensation Committee may grant Options to an Employee, Advisor or member of the Board upon such terms as the Compensation Committee deems appropriate. The following provisions are applicable to Options:

(a) Number of Shares. The Compensation Committee shall determine the number of Shares that will be subject to each Grant of Options to an Employee, Advisor or member of the Board.

(b) Type of Option and Price.

(i) The Compensation Committee may grant ISOs or Nonqualified Stock Options or any combination of the two, all in accordance with the terms and conditions set forth herein. ISOs may be granted only to employees of the Company or its parent or subsidiary corporations, as defined in Code section 424. Nonqualified Options may be granted to Employees, Advisors or members of the Board.

(ii) The Exercise Price of Shares subject to an Option shall be determined by the Compensation Committee and may be equal to or greater than the Fair Market Value of a Share on the date the Option is granted. However, an ISO may not be granted to an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company, or any parent or subsidiary corporation of the Company, as defined in Code section 424, unless the Exercise Price per Share is not less than 110% of the Fair Market Value of a Share on the date of grant.

(iii) Each ISO shall provide that, if the aggregate Fair Market Value of the Shares on the date of the grant with respect to which ISOs are exercisable for the first time by a Grantee during any calendar year, under the Plan or any other stock option plan of the Company or a parent or subsidiary of the Company, exceeds \$100,000, then the Option, as to the excess, shall be treated as a Nonqualified Option.

Table of Contents

(c) Option Term. The Compensation Committee shall determine the term of each Option. Notwithstanding the foregoing, the term of any Option shall not exceed ten years from the date of grant.

(d) Option Termination. Except as provided below, an Option may only be exercised while the Grantee is employed or engaged by the Company or any Affiliate as an Advisor, Employee or member of the Board. Unless otherwise determined by the Compensation Committee and set forth in a Grant Letter, Options shall terminate on the earliest of:

(i) the date on which the Grantee is no longer employed or engaged by the Company and any Affiliate on account of the Grantee's termination for Cause. In addition, notwithstanding any other provisions of this Section 5, if the Compensation Committee determines that the Grantee has engaged in conduct that constitutes Cause at any time while the Grantee is employed or engaged by the Company and any Affiliate or after the Grantee's termination of employment or engagement, any Option held by the Grantee shall immediately terminate and the Grantee shall automatically forfeit all Shares underlying any exercised portion of an Option for which the Company has not yet delivered the Share certificates, upon refund by the Company of the Exercise Price paid by the Grantee for such Shares. Upon any exercise of an Option, the Company may withhold delivery of Share certificates pending resolution of an inquiry that could lead to a finding resulting in a forfeiture;

(ii) the 91st day following the date the Grantee is no longer employed or engaged by the Company and any Affiliate for any reason other than Cause, death, or Disability; provided, however, that in all cases the portion of any Option that is not vested on the date of termination of employment or engagement shall terminate immediately upon such termination;

(iii) the first anniversary of the date the Grantee's employment or engagement by the Company and any Affiliate terminates on account of the Grantee's death or Disability; provided, however, that the portion of any Option that is not vested on the date of such termination of employment or engagement shall terminate immediately upon such termination;

(iv) the tenth anniversary of the date of grant as set forth in the Grant Letter; and

(v) cancellation, termination or expiration of the Options pursuant to action taken by the Compensation Committee in accordance with Section 12.

Notwithstanding the foregoing, in the event that on the last business day of the term of an Option (other than an ISO) (i) the exercise of the Option is prohibited by applicable law or (ii) Shares may not be purchased or sold by certain employees or directors of the Company due to the "black-out period" of a Company policy or a "lock-up" agreement undertaken in connection with an issuance of securities by the Company, the term of the

[Table of Contents](#)

Option shall be extended for a period of 30 days following the end of the legal prohibition, black-out period or lock-up agreement, to the extent permitted under Code section 409A.

For purposes of the Plan, employment or engagement by the Company and any Affiliate shall mean employment or service as an Employee, Advisor or member of the Board (so that, for purposes of exercising Options, a Grantee shall not be considered to have terminated his employment or engagement until the Grantee ceases to be an Employee, Advisor and member of the Board), unless the Compensation Committee determines otherwise.

(e) Exercise of Options. Only the vested portion of any Option may be exercised. A Grantee may exercise an Option that has become exercisable, in whole or in part, by delivering a notice of exercise to the Company. The Grantee shall pay the Exercise Price for an Option as specified by the Compensation Committee (i) in cash, (ii) unless the Compensation Committee determines otherwise, by delivering Shares owned by the Grantee and having a Fair Market Value on the date of exercise at least equal to the Exercise Price or by attestation (on a form prescribed by the Compensation Committee) to ownership of Shares having a Fair Market Value on the date of exercise at least equal to the Exercise Price, (iii) by payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board, or (iv) by such other method as the Compensation Committee may approve. In addition, in the event the Compensation Committee so determines, to the extent an Option is at the time exercisable for vested shares of Company Stock, all or any part of that vested portion may be surrendered to the Company for an appreciation distribution payable in Shares with a Fair Market Value at the time of the Option surrender equal to the dollar amount by which the then Fair Market Value of the Shares subject to the surrendered portion exceeds the aggregate Exercise Price payable for those Shares. Shares used to exercise an Option shall have been held by the Grantee for the requisite period of time necessary to avoid adverse accounting consequences to the Company with respect to the Option. Payment for the Shares to be issued or transferred pursuant to the Option, and any applicable withholding taxes, must be received by the Company by the time specified by the Compensation Committee depending on the type of payment being made, but in all cases prior to the issuance or transfer of such Shares.

Notwithstanding the foregoing, a Grant Letter may provide that if on the last day of the term of an Option the Fair Market Value of one Share exceeds the Exercise Price per Share, the Grantee has not exercised the Option (or a tandem SAR, if applicable) and the Option has not expired, the Option shall be deemed to have been exercised by the Grantee on such day with payment made by withholding Shares otherwise issuable in connection with the exercise of the Option. In such event, the Company shall deliver to the Grantee the number of Shares for which the Option was deemed exercised, less the number of Shares required to be withheld for the payment of the total Exercise Price and

Table of Contents

applicable withholding taxes; provided, however, any fractional Share shall be settled in cash.

(f) Grants to Non-Exempt Employees. Notwithstanding the foregoing, Options granted to persons who are non-exempt employees under the Fair Labor Standards Act of 1938, as amended, may not be exercisable for at least six months after the date of grant (except that such Options may become exercisable, as determined by the Compensation Committee, upon the Grantee's death, Disability or retirement, or upon a Change in Control or other circumstances permitted by applicable regulations).

Section 6. Stock Awards

The Compensation Committee may issue or transfer Shares to an Employee, Advisor or member of the Board under a Stock Award, upon such terms as the Compensation Committee deems appropriate. The following provisions are applicable to Stock Awards:

(a) General Requirements. Shares issued or transferred pursuant to Stock Awards may be issued or transferred for consideration or for no consideration, and subject to restrictions or no restrictions, as determined by the Compensation Committee. The Compensation Committee may, but shall not be required to, establish conditions under which restrictions on Stock Awards shall lapse over a period of time or according to such other criteria as the Compensation Committee deems appropriate, including, without limitation, restrictions based upon the achievement of specific Performance Goals. The period of time during which the Stock Awards will remain subject to restrictions will be designated in the Grant Letter as the "Restriction Period."

(b) Number of Shares. The Compensation Committee shall determine the number of Shares to be issued or transferred pursuant to a Stock Award and the restrictions applicable to such Shares.

(c) Requirement of Employment or Service. If the Grantee is no longer employed or engaged by the Company or any Affiliate during a period designated in the Grant Letter as the Restriction Period, or if other specified conditions are not met, the Stock Award shall terminate as to all Shares covered by the Grant as to which the restrictions have not lapsed, and those Shares must be immediately returned to the Company. The Compensation Committee may, however, provide for complete or partial exceptions to this requirement as it deems appropriate.

(d) Restrictions on Transfer and Legend on Stock Certificate. During the Restriction Period, a Grantee may not sell, assign, transfer, pledge or otherwise dispose of the Shares of a Stock Award except under Section 13(b) below. Unless otherwise determined by the Compensation Committee, the Company will retain possession of certificates for Shares of Stock Awards until all restrictions on such Shares have lapsed. Each certificate for a Stock Award, unless held by the Company, shall contain a legend giving appropriate notice of the restrictions in the Grant. The Grantee shall be entitled to have the legend removed from the stock certificate covering the Shares subject to restrictions when all restrictions on such Shares have lapsed. The Compensation Committee may determine that the Company will not issue certificates for Stock Awards until all restrictions on such Shares have lapsed.

(e) Right to Vote and to Receive Dividends. Unless the Compensation Committee determines otherwise, during the Restriction Period, the Grantee shall have the right to vote Shares of Stock Awards and to receive any dividends or other distributions paid on

Table of Contents

such Shares, subject to any restrictions deemed appropriate by the Compensation Committee, including, without limitation, the achievement of specific Performance Goals. Notwithstanding the provisions of this Section, any cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise with respect to any unvested Stock Award shall either (i) not be paid or credited or (ii) be accumulated and subject to restrictions and risk of forfeiture to the same extent as the Shares underlying the Stock Award with respect to which such cash, stock or other property has been distributed and shall not be paid unless and until the time such restrictions and risk of forfeiture lapse.

(f) Lapse of Restrictions. All restrictions imposed on Stock Awards shall lapse upon the expiration of the applicable Restriction Period and the satisfaction of all conditions, if any, imposed by the Compensation Committee. The Compensation Committee may determine, as to any or all Stock Awards, that the restrictions shall lapse without regard to any Restriction Period.

Section 7. Stock Units

The Compensation Committee may grant Stock Units, each of which shall represent one hypothetical Share, to an Employee, Advisor or member of the Board, upon such terms and conditions as the Compensation Committee deems appropriate. The following provisions are applicable to Stock Units:

(a) Crediting of Units. Each Stock Unit shall represent the right of the Grantee to receive a Share or an amount of cash based on the value of a Share, if and when specified conditions are met. All Stock Units shall be credited to bookkeeping accounts established on the Company's records for purposes of the Plan.

(b) Terms of Stock Units. The Compensation Committee may grant Stock Units that are payable if specified Performance Goals or other conditions are met, or under other circumstances. Stock Units may be paid at the end of a specified performance period or other period, or payment may be deferred to a date authorized by the Compensation Committee. The Compensation Committee shall determine the number of Stock Units to be granted and the requirements applicable to such Stock Units.

(c) Requirement of Employment or Service. If the Grantee is no longer employed or engaged by the Company or any Affiliate prior to the vesting of Stock Units, or if other conditions established by the Compensation Committee are not met, the Grantee's Stock Units shall be forfeited. The Compensation Committee may, however, provide for complete or partial exceptions to this requirement as it deems appropriate.

(d) Payment With Respect to Stock Units. Payments with respect to Stock Units shall be made in cash, Shares or any combination of the foregoing, as the Compensation Committee shall determine.

Section 8. Stock Appreciation Rights

The following provisions are applicable to SARs:

(a) General Requirements. The Compensation Committee may grant SARs to an Employee, Advisor or member of the Board separately or in tandem with any Option (for all or a portion of the applicable Option). Tandem SARs may be granted either at the time the Option is granted or at any time thereafter while the Option remains outstanding; provided, however, that, in the case of an ISO, SARs may be granted only at the time of the grant of the ISO. The Compensation Committee shall establish the base amount of the SAR at the time the SAR is granted, which shall be equal to or greater than the Fair Market Value of a Share as of the date of grant of the SAR. The base amount of each SAR shall be equal to the per Share Exercise Price of the related Option, provided such Exercise Price is equal to or greater than the Fair Market Value of a Share as of the date of grant of the SAR or, if there is no related Option, an amount equal to or greater than the Fair Market Value of a Share as of the date of grant of the SAR. No SAR shall have a term that is greater than ten years.

Notwithstanding the foregoing, in the event that on the last business day of the term of a SAR (x) the exercise of the SAR is prohibited by applicable law or (y) Shares may not be purchased or sold by certain employees or directors of the Company due to the “black-out period” of a Company policy or a “lock-up” agreement undertaken in connection with an issuance of securities by the Company, the term shall be extended for a period of 30 days following the end of the legal prohibition, black-out period or lock-up agreement, to the extent permitted under Code section 409A.

(b) Tandem SARs. In the case of tandem SARs, the number of SARs granted to a Grantee that shall be exercisable during a specified period shall not exceed the number of Shares that the Grantee may purchase upon the exercise of the related Option during such period. Upon the exercise of an Option, the SARs relating to the Shares covered by such Option shall terminate. Upon the exercise of SARs, the related Option shall terminate to the extent of an equal number of Shares.

(c) Exercisability. A SAR shall be exercisable during the period specified by the Compensation Committee in the Grant Letter and shall be subject to such vesting and other restrictions as may be specified in the Grant Letter. SARs may only be exercised while the Grantee is employed or engaged by the Company or Affiliate or during the applicable period after termination of employment or engagement as described in Section 5(c) above. A tandem SAR shall be exercisable only during the period when the Option to which it is related is also exercisable.

A Grant Letter may provide that if on the last day of the term of a SAR the Fair Market Value of one Share exceeds the base amount per Share of the SAR, the Grantee has not exercised the SAR or the tandem Option (if applicable), and the SAR has not

Table of Contents

otherwise expired, the SAR shall be deemed to have been exercised by the Grantee on such day. In such event, the Company shall make payment to the Grantee in accordance with this Section, reduced by the number of Shares (or cash) for applicable withholding taxes; any fractional Share shall be settled in cash.

(d) Grants to Non-Exempt Employees. Notwithstanding the foregoing, SARs granted to persons who are non-exempt employees under the Fair Labor Standards Act of 1938, as amended, may not be exercisable for at least six months after the date of grant (except that such SARs may become exercisable, as determined by the Compensation Committee, upon the Grantee's death, Disability or retirement, or upon a Change in Control or other circumstances permitted by applicable regulations).

(e) Value of SARs. When a Grantee exercises SARs, the Grantee shall receive in settlement of such SARs an amount equal to the value of the stock appreciation for the number of SARs exercised. The stock appreciation for a SAR is the amount by which the Fair Market Value of the underlying Share on the date of exercise of the SAR exceeds the base amount of the SAR as described in subsection (a) above.

(f) Form of Payment. The appreciation in a SAR shall be paid in Shares, cash or any combination of the foregoing, as the Compensation Committee shall determine. For purposes of calculating the number of Shares to be received, Shares shall be valued at their Fair Market Value on the date of exercise of the SAR.

Section 9. Other Stock-Based Awards

The Compensation Committee may grant Other Stock-Based Awards to any Employee, Advisor or member of the Board, on such terms and conditions as the Compensation Committee shall determine. Other Stock-Based Awards may be awarded subject to the achievement of Performance Goals or other conditions and may be payable in cash, Company Stock or any combination of the foregoing, as the Compensation Committee shall determine.

Section 10. Dividend Equivalents

The Compensation Committee may grant Dividend Equivalents in connection Stock Units or Other Stock-Based Awards. No Dividend Equivalents or dividends may be granted in connection with Options or SARs. Dividend Equivalents may be accrued as contingent cash obligations and may be payable in cash or Shares, and upon such terms as the Compensation Committee may establish, including, without limitation, the achievement of specific Performance Goals. Notwithstanding the foregoing in this Section 10, any Dividend Equivalents granted in connection with unvested Stock Units or Other Stock-Based Awards shall be payable only if and to the extent the underlying Stock Units or Other Stock-Based Awards are payable, as determined by the Compensation Committee.

[Table of Contents](#)

Section 11. Deferrals

The Compensation Committee may permit or require a Grantee to defer receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Grantee in connection with any Stock Units or Other Stock-Based Awards. If any such deferral election is permitted or required, the Compensation Committee shall establish rules and procedures for such deferrals and may provide for interest or other earnings to be paid on such deferrals. The rules and procedures for any such deferrals shall be consistent with applicable requirements of Code section 409A.

Section 12. Adjustment Upon Changes in Capitalization.

In the event any recapitalization, forward or reverse split, reorganization, merger, consolidation, spin-off, combination, repurchase, exchange or issuance of Shares or other securities, any stock dividend or other special and nonrecurring dividend or distribution (whether in the form of cash, securities or other property other than a regular cash dividend), liquidation, dissolution, or other similar transactions or events, affects the Shares or the value thereof, then the Compensation Committee shall make such adjustment, in such manner as the Compensation Committee deems appropriate, in order to prevent dilution or enlargement of the rights of Grantees under the Plan, including adjustment in (i) the number and kind of Shares deemed to be available thereafter for Grants under Section 3, (ii) the number and kind of Shares that may be delivered or deliverable in respect of outstanding Grants, and (iii) the price per share or the applicable market value of such Grants. In addition, the Compensation Committee shall make such adjustments as are appropriate in the terms and conditions of, and the criteria included in, Grants (including, without limitation, cancellation of Grants in exchange for the in-the-money value, if any, of the vested portion thereof, cancellation of unvested Grants for no consideration, cancellation of out-of-the-money Grants for no consideration, substitution of Grants using securities of a successor or other entity, acceleration of the time that Grants expire, or adjustment of performance targets) in recognition of unusual or

nonrecurring events (including, without limitation, a Change in Control or an event described in the preceding sentence) affecting the Company or any Affiliate of the Company or the financial statements of the Company or any Affiliate of the Company, or in response to changes in applicable laws, regulations or accounting principles. Any adjustments to outstanding Grants shall be consistent with Code section 409A or 424, to the extent applicable. Any adjustments determined by the Compensation Committee shall be final, binding and conclusive.

Section 13. Restrictions on Shares.

(a) Restrictions on Issuing Shares. No Shares shall be issued or transferred under the Plan unless and until all applicable legal requirements have been complied with to the satisfaction of the Compensation Committee. The Compensation Committee shall have the right to condition any Grant on the Grantee's undertaking in writing to comply with such restrictions on any subsequent disposition of the Shares issued or transferred thereunder as the Compensation Committee shall deem necessary or advisable as a result of any applicable law, regulation or official interpretation thereof.

(b) Transfer Restrictions.

(i) Nontransferability of Grants. Except as provided below, only the Grantee may exercise rights under a Grant during the Grantee's lifetime. No Grant under the Plan and no Shares that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, except (A) by will or by the laws of descent and distribution or (B) with respect to Grants other than ISOs, pursuant to a domestic relations order. When a Grantee dies, the personal representative or other Person entitled to succeed to the rights of the Grantee may exercise such rights. Any such successor must furnish proof satisfactory to the Company of his or her right to receive the Grant under the Grantee's will or under the applicable laws of descent and distribution.

(ii) Transfer of Nonqualified Stock Options. Notwithstanding (i) above, the Compensation Committee may provide, in a Grant Letter, that a Grantee may transfer Nonqualified Options to family members, or one or more trusts or other entities for the benefit of or owned by family members, consistent with the applicable securities laws, according to such terms as the Compensation Committee may determine; provided that the Grantee receives no consideration for the transfer of the Nonqualified Option and the transferred Nonqualified Option shall continue to be subject to the same terms and conditions as were applicable to the Nonqualified Option immediately before the transfer.

(c) ISO Notice. A Grantee shall notify the Company of any disposition of Shares acquired upon exercise of an ISO if such disposition occurs within one year of the date of such exercise or within two years of the date of grant of such ISO. The Company may impose such procedures as it determines may be necessary to ensure that such notification is made.

(d) Requirements for Issuance or Transfer of Shares. No Shares shall be issued or transferred in connection with any Grant made hereunder unless and until all legal requirements applicable to the issuance or transfer of such Shares have been complied with to the satisfaction of the Compensation Committee. The Compensation Committee shall have the right to condition any Grant on the Grantee's undertaking in writing to comply with such restrictions on his or her subsequent disposition of the Shares as the Compensation Committee shall deem necessary or advisable, and certificates representing such Shares may be legended to reflect any such restrictions. Certificates representing Shares issued or transferred under the Plan may be subject to such stop-transfer orders and other restrictions as the Compensation Committee deems appropriate to comply with applicable laws, regulations and interpretations, including any requirement that a legend be placed thereon.

Section 14. Withholding of Taxes.

All Grants made under the Plan shall be subject to applicable federal (including FICA), state, local and foreign tax withholding requirements. The Company may require that the Grantee or other Person receiving or exercising Grants pay to the Company or any Affiliate the amount of any federal, state, local or foreign taxes that the Company or any Affiliate is required to withhold with respect to such Grants, or the Company or any Affiliate may deduct from other wages paid by the Company or any Affiliate the amount of any withholding taxes due with respect to such Grants. If the Compensation Committee deems it appropriate, the Compensation Committee shall be authorized to establish procedures that permit or require a Grantee to satisfy the applicable tax withholding obligation with respect to a Grant by having Shares that are otherwise deliverable in connection with a Grant withheld, subject to such limitations as may be imposed by the Compensation Committee.

Section 15. Consequences of a Change in Control.

The Compensation Committee may provide in a Grant Letter or otherwise terms under which Grants may vest and, as applicable, be exercisable or payable in the event of a Change in Control or in the event of a Grantee's termination of employment or engagement by the Company and any Affiliate in connection with, upon or within a specified time period after a Change of Control. In addition, in the event of a Change in Control, the Compensation Committee may take one or more of the following actions with respect to any or all outstanding Grants: the Compensation Committee may (i) require that Grantees surrender their outstanding vested Options and SARs in exchange for one or more payments by the Company, in cash or Shares as determined by

the Compensation Committee, in an amount equal to the amount by which the then Fair Market Value of the Shares subject to the Grantee's unexercised, vested Options and SARs exceeds the Exercise Price of the vested Options or the base amount of the vested SARs, as applicable, (ii) provide for the cancellation of unvested Grants for no consideration, (iii) provide for the cancellation of out-of-the-money Grants for no consideration, (iv) after giving Grantees an opportunity to exercise their outstanding Options and SARs, terminate any or all unexercised Options and SARs at such time as the Compensation Committee deems appropriate, or (v) determine that outstanding Options and SARs that are not exercised shall be assumed by, or replaced with comparable options or rights by, the surviving corporation, (or a parent or subsidiary of the surviving corporation), and other outstanding Grants that remain in effect after the Change in Control shall be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation). Such surrender or termination shall take place as of the date of the Change in Control or such other date as the Compensation Committee may specify (subject to consummation of the Change in Control).

Section 16. General Provisions

(a) Grant Letter. Each Grant shall be evidenced by a Grant Letter. The terms and provisions of such Grant Letters may vary among Grantees and among different Grants made to the same Grantee.

(b) No Right to Employment. The making of a Grant in any year shall not give the Grantee any right to similar grants in future years, any right to continue such Grantee's employment relationship with the Company or its Affiliates, or, until Shares are issued, any rights as a stockholder of the Company. All Grantees shall remain subject to discharge to the same extent as if the Plan were not in effect. For purposes of the Plan, a sale of any Affiliate of the Company that employs or engages a Grantee shall be treated as the termination of such Grantee's employment or engagement, unless the Grantee shall otherwise continue to provide services to the Company or another subsidiary of the Company as an employee or director.

(c) No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Grant. Except as otherwise provided under the Plan, the Compensation Committee shall determine whether cash, other awards or other property shall be issued or paid in lieu of such fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

(d) No Funding. No Grantee, and no beneficiary or other Persons claiming under or through the Grantee, shall have any right, title or interest by reason of any Option to any particular assets of the Company or Affiliates of the Company, or any Shares allocated or reserved for the purposes of the Plan or subject to any Grant except as set forth herein. The Company shall not be required to establish any fund or make any other segregation of assets to assure satisfaction of the Company's obligations under the Plan.

(e) Governing Law; Jurisdiction. The Plan shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware. To the extent the Grantee is a party to an employment agreement with the Company or any of its subsidiaries that provides for binding arbitration of employment disputes, then any disputes between the Company and such Grantee arising under the Plan shall be arbitrated in accordance with the procedures set forth in such employment agreement.

(f) Compliance with Law. The Plan, the exercise of Options and SARs and the obligations of the Company to issue or transfer Shares under Grants shall be subject to all applicable laws and regulations, and to approvals by any governmental or regulatory agency as may be required. With respect to Persons subject to section 16 of the Exchange Act, it is the intent of the Company that the Plan and all transactions under the Plan comply with all applicable provisions of Rule 16b-3 or its successors under the Exchange Act. In addition, it is the intent of the Company that ISOs comply with the applicable provisions of Code section 422 and that, to the extent applicable, Grants be exempt from or comply with the requirements of Code section 409A. Notwithstanding the foregoing, the Compensation Committee makes no representation that the Grants awarded under the Plan shall be exempt from or comply with Code section 409A and makes no undertaking to preclude Code section 409A from applying to Grants awarded under the Plan. To the extent that any legal requirement of section 16 of the Exchange Act or Code sections 422 or 409A as set forth in the Plan ceases to be required under section 16 of the Exchange Act or Code sections 422 or 409A, that Plan provision shall cease to apply. To the extent applicable, if on the date of a Grantee's "separation from service" (as such term is defined under Code section 409A), Shares (or shares of any other company required to be aggregated with the Company for purposes of Code section 409A and its corresponding regulations) are publicly-traded on an established securities market or otherwise and the Grantee is a "specified employee" (as such term is defined in Code section 409A(a)(2)(B)(i) and its corresponding regulations) as determined by the Compensation Committee (or its delegate) in its discretion in accordance with the requirements of Code sections 409A and 416, then all Grants that are deemed to be deferred compensation subject to the requirements of Code section 409A and payable within six months following such Grantee's "separation from service" shall be postponed for a period of six months following the Grantee's "separation from service" with the Company, to the extent necessary to avoid the imposition of penalty taxes thereunder. The Compensation Committee may revoke any Grant if it is contrary to law or modify a Grant to bring it into compliance with any valid and mandatory government regulation. The Compensation Committee may, in its sole discretion, agree to limit its authority under this Section

(g) Grants made in Connection with Corporate Transactions and Otherwise. Nothing contained in the Plan shall be construed to (i) limit the right of the Compensation Committee to make Grants under the Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any corporation, firm or association, including Grants to employees thereof who become Employees, or (ii) limit the right of the Company to grant stock options or make other awards outside of the Plan. The Compensation Committee may make a Grant to an employee of another corporation who becomes an Employee by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving the Company, in substitution for awards made by such corporation. Notwithstanding anything in the Plan to the contrary, the Compensation Committee may establish such terms and conditions of the new Grants as it deems appropriate, including setting the Exercise Price of Options at a price necessary to retain for the Grantee the same economic value as the prior options.

(h) Application of Company Clawback Policy. All Grants under the Plan are subject to the applicable provisions of the Company's clawback or recoupment policy approved by the Board or the Compensation Committee; as such policy may be in effect from time to time, and will be subject to recoupment as may be required by applicable law, regulation or listing exchange.

Section 17. Amendment or Termination.

(a) Amendment. The Board may amend or terminate the Plan at any time; provided, however, that the Board shall not amend the Plan without stockholder approval if such approval is required in order to comply with the Code or other applicable law (including Rule 16b-3 under the Exchange Act), or to comply with applicable stock exchange requirements; and further provided that the Board may not, without the approval of the Company's stockholders, to the extent required by such applicable law, amend the Plan to (a) increase the number of Shares that may be the subject of Grants under the Plan (except for adjustments pursuant to Section 12), (b) expand the types of awards available under the Plan, (c) materially expand the class of persons eligible to participate in the Plan, (d) amend Section 5 and Section 8 to eliminate the requirements relating to minimum exercise price, minimum grant price and stockholder approval, (e) increase the maximum permissible term of any Option or the maximum permissible term of a SAR, (f) increase any of the limitations in Section 3, or (g) amend Section 17(b).

(b) No Repricing Without Stockholder Approval. Notwithstanding anything in the Plan to the contrary, and other than pursuant to Section 12, the Compensation Committee shall not without the approval of the Company's stockholders (a) lower the Exercise Price per Share of an Option (or grant price of a SAR) after it is granted, (b) cancel an Option or SAR in exchange for an Option or SAR with a lower Exercise Price, cash or another Grant (other than in connection with a Change in Control), or

(c) take any other action with respect to an Option or SAR that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the Shares are listed.

(c) Termination of Plan. The Plan shall terminate on November 28, 2028, unless the Plan is terminated earlier by the Board or is extended by the Board with the approval of the stockholders; provided, however, in no event may an ISO be granted more than ten years after the date of the adoption of the Plan by the Board.

(d) Termination and Amendment of Outstanding Grants. A termination or amendment of the Plan that occurs after a Grant is made shall not materially impair the rights of a Grantee unless the Grantee consents or unless the Compensation Committee acts under Section 16(f) above. The termination of the Plan shall not impair the power and authority of the Compensation Committee with respect to an outstanding Grant. Whether or not the Plan has terminated, an outstanding Grant may be terminated or amended under Section 16(f) above or may be amended by agreement of the Company and the Grantee consistent with the Plan.

(e) Prior Plan. Any Grants made under the Plan prior to the Restatement Effective Date shall be governed by the terms of the Plan in effect at the time each such Grant was made, including, to the extent applicable, the requirement that the Compensation Committee be composed of “outside directors” as defined under Code section 162(m) and related Treasury Regulations with respect to any action taken after the Restatement Effective Date with respect to Grants made under the Plan before such date and that are intended to meet the requirements of the performance-based compensation exception for purposes of Code section 162(m), unless further amended in accordance with the terms of the Grant and such version of the Plan. For the avoidance of doubt, any Grants made under the Plan on or after the Restatement Effective Date shall be subject to the terms of the Plan in effect on and after the Restatement Effective Date.
